**FISCAL IMPACT STATEMENT**

**LS 6181**

**BILL NUMBER:** HB 1455

**NOTE PREPARED:** Feb 16, 2009

**BILL AMENDED:**

**SUBJECT:** Autism Training.

**FIRST AUTHOR:** Rep. Tyler

**FIRST SPONSOR:**

**BILL STATUS:** 2<sup>nd</sup> Reading - 1<sup>st</sup> House

**FUNDS AFFECTED:** X **GENERAL**  
**DEDICATED**  
**FEDERAL**

**IMPACT:** State & Local

**Summary of Legislation:** This bill requires certain firefighter and law enforcement personnel to be trained in interacting with individuals with autism.

**Effective Date:** July 1, 2009.

**Explanation of State Expenditures:** This bill will change minimum training requirements for law enforcement personnel and firefighters to better prepare officers to interact with individuals with autism. Currently, curriculum offered by the Indiana Law Enforcement Academy (LEA) to law enforcement personnel and curriculum offered by the Indiana Department of Homeland Security (DHS) to firefighters does not include autism training. This legislation will impact both the minimum required training and recertification curriculum offered by both DHS and LEA to law enforcement officers and firefighters. The legislation states that autism training is to be provided in addition to other types of training currently offered by the LEA and DHS. These provisions will increase the workload of the LEA and DHS to provide autism training to personnel to the extent that this training was not offered before.

The LEA reports that current curriculum offered provides law enforcement officers with training for certain disabilities and afflictions, but not autism. LEA reports that providing autism training can be included in the current training curriculum within current resource levels.

The Indiana Department of Homeland Security (DHS) provides training to firefighters and emergency medical service technicians (EMS). Currently, autism training is not offered to firefighters, but is offered to EMS personnel. DHS reports that providing autism training to firefighters in addition to EMS workers will result in no additional expense to the state. The cost of duplicating autism training material used in the

programs offered by DHS are within the operating budget of the department.

*Background Information:* Currently, the LEA requires 24 hours of recertification training for law enforcement officers, of which the following courses require 2 hours of training; firearms, emergency vehicle training, and physical tactics/use of force. Local law enforcement agency administrators decide recertification courses for officers outside of the designated training hours.

**Explanation of State Revenues:**

**Explanation of Local Expenditures:** Any impact to local expenditures to provide training would depend on whether a local unit of government would be required to pay for additional course work necessary to fulfill the provisions of the bill. Depending on local action, the impact to unit expenditures could range from no financial involvement to complete payment of all autism course fees for their firefighting personnel.

**Explanation of Local Revenues:**

**State Agencies Affected:** Indiana Law Enforcement Academy, Indiana State Police, Indiana Department of Homeland Security.

**Local Agencies Affected:** Local law enforcement and firefighters.
